2. Let's get Scrapbooking!

If you are anything like us, you REALLY want to scrapbook, but it is getting more difficult to find the time and have fun! Scrapbooking takes time and PLANNING. I know if I just went to my table right now and wanted to work on a project without any prior planning, I would be overwhelmed and quit! We want to help and we know your time is valuable as well. Watch our blog every Monday in March and we will post a short video (10 min max!) for an EASY Peasy layout that you can finish in about 30 minutes.
